And a worthy object of such attention is Jim—for he truly represents the best of American ideals.

In an acceptance speceh made at the reception held at Bacchi's in Lake Forest, Jim stressed that the education fund being esablished for him at the University of Colorado would make it possible for him to participate in further skiing activities in the "American Way." # TAX CUT WILL BE AID CALIFORNIA INDUSTRY

It will take more than the stimulus of tax cut dollars to solve California's problems of industrial diversification and product mix, Bank of America president Rudolph A. Peterson declared Wednesday in a Los Angeles speech.

Addressing 200 southern California business and industrial leaders at a City of Industry luncheon, Peterson said more than $90 million in disposable income came into California during the northern California receiving first month of the tax cut, with about $47.5 million.

At the statewide rate, he observed, California will receive more than $900 million in added spendable income this year.

Peterson said the bulk of these dollars will be spent on durable and non-durable goods and services. The predicted rise in conssumer spending should be reflected in increased business sales volume which in turn will put pressure on inventory holdings and production schedules.

On the other side of the coin, Bank of America president said, the reduction in federal defense spending will have the opposite effect on the state's economy, particularly in southern California. At least 70 per cent of California's share of defense spending is concentrated in southern California.

# PAUL SCHILLING 5 ON NEVADA LODGE BILL

CRYSTAL BAY — A quick cure for that old tired feeling is to spend a few moments under the spell of the fascinating, versatile Paul Schilling 5 now in the spotlight of the Topaz Room, the new theater-lounge and dining room at North Tahoe's Nevada Lodge.

The group, formerly known as the Sons of the Golden West, is a crowd-pleasing musical and comedy aggregation featuring excellent three-part harmony. The four guys and a gal add up to an exciting combination of fun and song. So much so, in fact, that they have the reputation of playing for SRO audiences in night clubs throughout the country.

Their music, belying their former name, is farm from the country and western field. Solid jazz and modern interpretations of old classics is their forte.

With leader Paul Schilling on guitar, Jaybird Schilling on fender bass, Dave Geary on rhythm guitar and Buzz Boyk and Ken Newon on violin, the group succeeds in capturing a new, exciting sound . . . seldom heard on the Reno-Tahoe-Las Vegas show circuit.

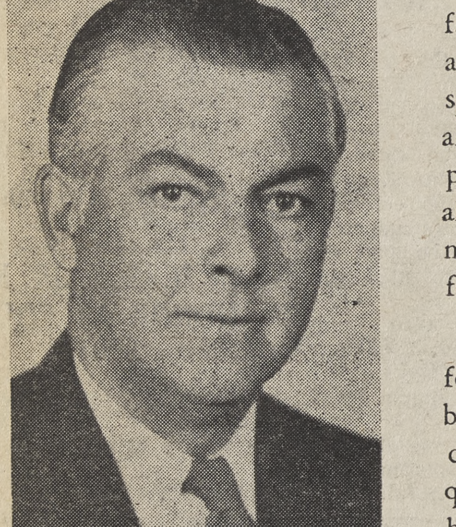
The Judge of Your Court Should be a Servant of All the People



Discrimination in handling the affairs of the judicial district court is unfair and not in keeping with the intent or spirit of the law. It will be my sincere aim, if elected to the office to be as impartial as it is humanly possible to be and allow each case before me to stand on its merit and not be influenced by personal feelings or a desire to gain.

My 21 years as a member of the California Highway Patrol has given me a basic knowledge of law enforcement and court procedure and having passed the qualifying examination for judge with a high rating, makes me fully qualified to fill the office I seek.

**If you want unbiased, fair judgment, honestly administered, without malice or favor, I sincerely seek your support at the June 2 primary election.**

## NORTH TAHOE BRIEFS...

. . . By BETHEL
Telephone LIberty 6-3842

This week's column almost wasn't written. We wonder — would it have been missed? The reason—a trip to Diablo to see the presentation by the Mary Doyle Unit of the Mt. Diablo Therapy Center at the Diablo Country Club of "Encore, Jane Nicols." A program of musicals in miniature. Needless to say, the evening was a gala affair meeting old friends, renewing acquaintances, catching up on local happenings, visiting with the center's inspiration, Mary Doyle, who came from her home at Altaville for the evening.

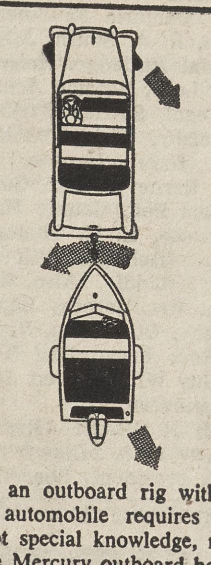
For those who are not acquainted with Jane Nichols may we say, see her if the opportunity arises. A singer-actress who offers a refreshingly different type of entertainment in her one woman show which combines drama, song and cleverly coordinated costuming. The artist was formerly with the San Francisco and Los Angeles Civic Light Opera Companies and toured with the national company of "South Pacific." Ferne Hammond accompanied her at the piano and Bea Carpenter created and designed her costumes.

LaZelle Marley of Tahoe Vista also enjoyed the trip.
also enjoyed the trip. It would be a pleasure to residents of the North Shore if this artist could present her "Musicals in Miniature" to them. We shall endeavor to find a sponsor.

Bruce Keeland and Toni Anderson were married in Reno at the Wedding Chapel April 19. Best man was John Maloney, matron of honor, Zoe Ann Jensen, and J. D. Anderson gave the bride in marriage. Present at the ceremony were J. D. and Louise Anderson, Ernie and Pat Thompson and daughter, Sandra Walsh of San Leandro, Jim and Marlene McCourry of Incline Village, and Bill Greenrod. A reception at the home of Zoe Ann Jensen at Crystal Bay followed the wedding. The couple will make their home at Incline Village where they have purchased a new home. Bruce is employed at the Tahoe Nugget.

J. C. and Inez Jordan of Incline Village had the misfortune to be hit broadside in their car on their way back home from Florida. J. C. had been at Nassau for the winter season and Inez joined him for a month's vacation. Fortunately neither were seriously injured although their return will be delayed until the car is repaired.

### Boating Tips...



Pulling an outboard rig with the family automobile requires practice, not special knowledge, maintain the Mercury outboard boating experts. This is particularly true of backing your trailer. The prime rule to remember is that you must turn the wheel of the car to the left to make the trailer turn to the right, and vice versa. To develop skill in moving in reverse, set up some empty cardboard cartons on a vacant parking lot and practice backing your trailer between them. When towing your rig out on the highway, allow more time for braking, accelerate more slowly and swing wider on corners. Figure that you need twice as much space to pass another vehicle when you are pulling a trailer.

Frank and Abby Jeans and baby daughter, Debra, of Oakland were visitors to Abby's mother and husband Isabelle and Al de Luque at Tahoe Vista last weekend. No prouder grandmother exists than Isabelle which she readily admits.

Mr. and Mrs. Lewis Cohn of Santa Monica are visiting their daughter and son in law, Isabelle and Al de Luque at Tahoe Vista. Also visiting the de Luques are Isabelle's brother and sister in law, Mr. and Mrs. Art Swiss of Los Angeles.

Tom and Theresa Sutton of Kings Beach and John and Jerry Rayburn of Incline Beach attended the opening of the baseball season in San Francisco and the races in Albany. They also celebrated the birthday of Theresa and Jerry's brother, William Peluso of Lafayette on April 19. A barbeuce dinner with 40 guests enjoyed the hospitality of the Pelusos.

Another landmark is gone. The real estate office at the corner of the Truckee shortcut was purchased from Tom Sutton by Ken Gordon who cleared the property overnight by burning most of the building.

Mrs. Stan (Ginny) Parsons of Incline Village was guest of honor at a baby shower at the home of Mrs. David Crow at Crystal Bay last week. Assisting Pat as hostesses were Anna Burghardt and Ann Hansen. Guests were Irene Kaiser, Mary Gardella, Nora Ferrari, Darlene Bitler, Gen Brockelsby, Janet Ellison, Helen Chanda, Jerry Niday, Alice McDonald, Alice Proctor, Sally Foote, Gwen Harling, Paula Gurney and Heidi Cook. Refreshments were served following the opening of the shower gifts.

Mark your calendar for the election of directors of the North Tahoe Public Utility District on May 5. Polls are open from 7 a. m. until 7 p. m. Running for director at large No. 1 are Byron Abbott, William Elliott and William Westlund, director at large No. 2, Myron H. Waddell, better known as "Red," and Sherman Dodge, and director at large No. 5, Alice Sorensen and Al Burghardt.

We won't tell you how to vote, but vote.

Bern May of Kings Beach has returned home atfer a bout with pneumonia which hospitalized her at St. Mary's in Reno.

Alysmaye Schultz of Tahoe Vista celebrated her birthday on April 19. Husband, Fred, took her to see the Fred Waring show.

Nora Ferrari of Kings Beach and a teacher at the Kings Beach Elementary School is chairman of the Tahoe Truckee Education Association which is sponsoring a scholarship buffet at the Crystal Bay Club on May 1, at 7 p. m. The proceeds of this event are to be

Your Supervisor And The Compact Commission

With the death of our good friend, Cecil Edmunds, a vacancy occurred on the California-Nevada Compact Commission, and your supervisor willingly accepted the appointment as a replacement to protect the interests of this region in the lengthy controversy over division of the waters of the Truckee River.

This is a difficult task, as Nevada interests are bent upon obtaining every drop of water they can get, regardless of our needs. The California commission, of which I am a member, must devote time and effort—without compensation—to protect our future. This I am glad to do as a representative of the community. My work on the compact commission is offered only as an example of the efforts expended in my desire to serve this area.

Your supervisor has never shirked his duty, either in his work on the board or in other matters effecting the welfare of this community and it is my pledge to continue this work with your support and confidence.

YOU CAN RETAIN FULL REPRESENTATION

## Nuclear Plant Is Plan Of Company

Sierra Pacific Power Co. has filed an application for a nuclear power plant to be located about seven miles north of Yerington, Nevada.

The proposal was filed with the U. S. Atomic Energy Commission in response to the commission's request to electriic utility firms throughout the nation.

The proposed power plant would be capable of producing 150,000 kilowatts of electric power for Nevada and Eastern California. This would be almost three times the amount that is produced now by Sierra Pacific's first steam power plant 17 miles east of Reno at Tracy Station.

The announcement of the proposal was made by Fred L. Fletcher, president of Sierra Pacific, who said the company is attempting to obtain this nuclear power plant for Nevada because it is suited perfectly to Nevada conditions.

"Electric power for nuclear energy is the answer to serving the needs of an area that has no natural fuels and where great distance makes importing fuels expensive," Fletcher said.

The proposal filed in Washington, D. C., is the result of months devoted to preliminary design of the nuclear plant and study of the feasibility of the proposed site.

Making sure you can "Fill it up"...year after year
Our country's demand for petroleum energy will be up 55% in the next 15 years.
Many people think that petroleum is brought out of the ground simply by drilling wells and letting the oil flow out of its own accord.
The fact is, only about 20% of the petroleum in an average field will flow "of its own accord" before the gas pressures give out, and the oil flow stops. If we gave up then, gasoline would not be as plentiful, and the price would be higher.
But, Standard's petroleum engineers don't give up. By supplementing oil field gas pressures with floods of water, gases, detergents, or even controlled fire, they often more than double normal recovery.
These "assisted recovery" methods, developed through years of research, are making new oil fields more productive, and bringing new life to old oil fields. Besides being good business, they lengthen our country's petroleum supply.
This is one of many ways in which Standard, with its large oil reserves in the ground, discharges its responsibility to conserve a vital resource...to keep pace with our country's needs for industry, defense, agriculture . . . and to make sure you can "Fill it up," year after year.
Planning ahead to serve you better

used for scholarships for deserving Tahoe Truckee High School seniors. This will be an evening of fun, food and entertainment. Parents and friends are invited to attend this social event. Tickets are available from all the teachers at the various schools or at the door.

Public Schools Week, April 20 to 24, was recognized at the Kings Beach Elementary School on Thursday evening the 23rd with an open house. Classrooms were open from 7 until 8 p. m. and the chorus and band presented a program afterward.

Inasmuch as open house was held last week the TPA meeting was not held. Ballots for the election of officers, scheduled for the April meeting, will be sent home with the children whose parents are members of the TPA. Dorothy Beck concludes her term of office as president which everyone agrees has been a most successful one.

Freddie Schultz, son of Fred and Alysmae Schultz of Tahoe Vista, has soloed at Pensacola Naval Air Force Base in Florida and has been transferred to Whiting Field, Florida.

Pearl Kientz of Kings Beach is now home from Inglewood where she finished her cosmetology course at Inglewood Beauty College. While there she stayed with her sister in law, Mrs. Marie Franks. Husband, Vince was happy to have her home once again, after being a bachelor for a couple of months.

Ellis Whitley of Kings Beach celebrated his natal day on April 21.

Participating in the state bowling tournament at Santa Rosa last weekend were Mary Ann Dunham, Vi Aas, Flo Wellings, Lyn Van Hooser and June Land on team for the Kings Beach Bowl and Maren Sedgewich, Eve Hallet, Thelma Zuber, Arline Smart and Hazel Beck on the team for Smarts. Eileen Turner also participated in the tournament. Winners of the state WIBC will be announced in August when the tournaments are completed.

Dick and Ruth Lavery are home at Agate Bay after a 13,000 mile trip via trailer, ship and plane, coming from Florida. They stopped at Phoenix, Carlsbad Caverns, Palm Springs and other points of interest on their way home. This was their first winter out in 16 years and they highly recommend it and trailer traveling. Ruth is back to work with Theresa Denton realty in Kings Beach—we think Dick is fishing off his private pier. At least he will be bringin home the bacon—pardon us, fish.

The North Tahoe Rotary Club were entertained by the West Sacramento Rotary Club last weekend to their annual cocktail party and dinner was held at the Marina Inn, the following day included golfing, a tour of a large ranch, followed by a cocktail party and chicken dinner at Hughes Hall in West Sacramento and barn dance. Sunday morning the group went to Clarksburg for fizzes and a steak barbecue before returning to Lake Tahoe. Making the trip were Curley and Ann Mason, Roy and Nellie Porath, Earl and Peg Nelson, Bill and Dottie Martin, Andy and Alice Sorensen, Rick and Phyllis Ahlswede, Paul and Edith Mullis, Sam and Ruby Faulkner and Gary Eden.

Bob and Tally Daneri and Jetta Steward of Kings Beach attended the Lions Club convention at Winnemucca last weekend.

VFW Post 7077 has elected their new officers for the year. Edwin "Eddie" Liddle is the new commander; Herman Reynolds, senior vice commander; Jack Scott, junior vice commander; Dick Killian, quartermaster; Chris Dominguez, adjutant; Gene Faulkner, officer of the day; Otis Wing, chaplain; and trustees, Jim Farrell, Harvey Martin and Ray Plunkett.

Installation of the Post and Auxiliary officers will be at a special meeting in May.

The first two life memberships have been received—going to Gary Eden and Bill Dugan.

# Extra Cautions For Wildlife Is Urged

Springtime is here. It is a period of increased activity for all forms of life and especially so for wildlife.

The California Department of Fish and Game pointed out that for creatures of the wild springtime is a time for moving about, for renewal of life through mating, nesting, and giving birth to the wildlife of tomorrow. It is the season when game birds and animals are so often seen as they pause along or hurry to cross the highway.

For the motorist it should be a time of extra caution, especially when travelling through the rural or mountain areas. Pheasants and other small game are really vulnerable to speeding automobiles during these active days and thousands are killed on the highways each spring.

The same is true of deer and other big game as they graze at night along the roads or cross them during the period if migration to other ranges.

This tragic loss of wildlife is compounded by the human injury and property losses which so often attend such accidents.

Thus, the admonition wherever you may drive during the warming months ahead, please slow down a bit—give wildlife and yourself a break.

# DONNER DOINGS

By VI WHITE
Phone 587-3866

The weather has been dee-lightful these last few days after that strong wind last week brought more snow. It looked like someone took a giant can of whipped cream and sprayed a white topping on everything. The camera bugs were busy snapping pictures.

Daylight Saving time gives everyone a chance to fish later in the day now and isn't the lake beautiful with the moon shining on it at night.

* * *

Sugar Bowl manager, Ed Siegel was mighty happy to see the sun come out for the ski races on their closing weekend. Karl Schranz and Edith Zimmerman of Austria won the Buddy Werner Memorial Slalom Saturday. Lance Poulsen, junior racer from Squaw Valley placed 19th. Unfortunately, Jimmy Heuga and Greg Moore of Tahoe City both missed gates. On the women's course, Patti Kelly and Starr Walton both of Soda Springs were 9th and 10th and Vicki Jones of Tahoe City was 11th.

Leo Lacroix of France and Pia Riva of Italy won the 22nd annual Silver Belt giant slalom on Mt. Lincoln Sunday. Patti Kelly was 6th, Starr Walton 7th and Vicki Jones 8th. In the men's division, Jim Heuga was 5th, only one and eight-tenths seconds behind the winner. Greg Moore came in 18th and Lance Poulsen missed a gate. Norm Saylor of Donner Ski Ranch took a terrific spill near the top and did not finish. Charlie White of Donner Lake post-ran the course in fine form to end the event.

* * *

Jimmy Heuga's Homecoming was a thrilling sight. A few flakes of snow fell as the motorcade came up to the Tahoe-Truckee High School. Several cars had the tops down, but soon were put up again. The band played and all the students formed a ring near the entrance. Jim was presented with a book of clippings and pictures showing his achievements at the IX Winter Olympic Games in Innsbruck, Austria. He showed the bronze medal he won as third place winner in the slalom.

Having seen his two excellent runs and cheering with the huge crowd at Lizum, it was a pleasure to shake his hand and welcome him home.

The following mothers met at Smarts Cafeteria last Wednesday to discuss a swim program for children in June: Nancy Jessen, Ione Virus, Felicia Lomax, Vi White, Margaret Copeland, Pat Vind, Pat Tonini, Muriel Wiser, Mavlou Smith, Jane Carlson, Alice Best, Barbara Grow, Lou Merica, Kitty Money, Mary Terry, Twila Souers, Lynn Dean, Betty Silverii,, Shirley Gini, Betty Causey, Beverly Daly, Sue Stone and Muriel Longo.

Mrs. Ruth Campbell of the Sierra Nevada Chapter of the American Red Cross in Reno spoke to the group and advised that in order to receive aid from the Red Cross for a swim program, a fund campaign should be held in our area. Pool insurance and swimming instructors would then be provided.

Kitty Money and Muriel Longo were chosen as fund drive cochairmen.

The two John's of Highway 40 at Donner Lake met for the first time the other night at Manzo's Restaurant. They exchanged knowledge of the early days in this area. John Collier and his wife Marge collect early pioneer relics such as square nails and horseshoes while John Corbett, owner of the Rams Head collects Indian arrow heads.

They both seem to have the eye for such things. I have yet to find an arrow head, but have hopes to be able to someday.

## INCORPORATION

(Continued from Page 1)

at which voters wil render the final answer.

Because of the numerous steps required, including public hearings, time consumed in legal procedures and notices, there is a question whether the matter can be brought to a vote by September so that the city may become operative by mid-1965.

Dr. Ben King, designated by the Truckee Donner Chamber of Commerce, as head of the incorporation committee, said this week that all possible speed will be taken to have the proposition ready for a vote by that time, but considerable detailed work remains to be done.

Chairman Loehr of the supervisors said he would expedite the project on the county level.

The decision to bring the question of incorporation before the voters was reached following a feasibility report by Robert O. Bailey, administrative consultant. In the report, Bailey said the area would be vastly improved under incorporation, both from a standpoint of services and economies, if the area taken in embraced the boundaries which were approved last week.

The ceremony is open to the public and all Elks and their wives are cordially invited to attend the ceremony which will be followed by dinner in the Topaz Room of the Nevada Club. For reservations for dinner, it is necessary to call by May 6 and the phone number for reservations is JU 3-3461.

Alysmae Schultz is in charge of planning the evening and she is being assisted by co-chairmen Velda Farris and Glen Meixner as well as Macie Henke, Yvonne S. E. S. Bechdolt, Eunice Henrikson, Ethel Shaver and Sally Vance.

### CARD OF THANKS
